## Career Objective

I'm deeply driven by technologies potential to solve real-world problems. I focus on writing clean, efficient, and scalable code. I continuously invest in sharpening my problem-solving skills and deepening my expertise in AI and ML, aiming to develop solutions that are not just functional—but intelligent.

## Experience

### Python Django Developer Intern

– Assistive Technologies

- Developed and maintained Django-based web applications.
- Integrated SQL databases and RESTful APIs for seamless functionality.
- Worked on authentication modules and data security.

### Full Stack Developer Intern

– WebMakers

- Designed and developed responsive web applications using React.js and Django.
- Implemented UI/UX improvements, enhancing user engagement.
- Built and deployed a full-stack project integrating HTML, CSS, JavaScript, and MySQL.

## Technical Skills

Programming Languages :	Python, Java, C, C++
Frontend Technologies :	HTML, CSS, JavaScript
Backend Technologies :	PHP
Databases :	SQL
Video Editing :	CAPCUT
Graphic Tools :	Canva , Photoshop

## Education

### Bachelor of Technology - Computer Science in Machine Learning and Artificial Intelligence

Siddartha Institute Of Engineering and Technology, Puttur

2023 - 2026

CGPA: 8.9

### Diploma in Computer Science and Engineering

Sri Venkateswara Government Polytechnic College, Tirupati

2020 - 2023

CGPA: 8.8

### Secondary School Certificate (SSC)

Zilla Parishad High School, Pachikapallam

2019 - 2020

CGPA: 10

## Academic Projects

### BookMart – Full Stack Website

- Developed an online book marketplace using HTML, CSS, JavaScript, and PHP during my diploma final year.
- Implemented secure authentication, search filters, and a responsive UI.
- **GitHub Repo:** BOOKMARTSITE.com

### Personal Portfolio Website

- Designed a modern, fully responsive personal website using React.js and Tailwind CSS.
- Showcased my skills, projects, and resume interactively.
- **Live Link:** MY\_portfolio.com

## Certifications

Python Basics	– HackerRank
Django with SQL and Databases	– IBM (edX)
HTML5 and CSS Fundamentals	– W3Cx (edX)
Programming in Java	– NPTEL

## Languages Known

- English — Telugu — Hindi

## Hobbies

- **Exploring Emerging Tech :** Actively expanding knowledge in AI/ML, cloud fundamentals, system design, and cybersecurity to deepen technical proficiency and efficient solutions.
- **Stock Market Enthusiast :** Passionately tracking market movements, analyzing fundamentals, and building disciplined, insight-driven investment strategies to grow wealth and wisdom in the financial world.
- **Playing Chess :** It enhances strategic and analytical thinking.
- **Playing Cricket :** It improves teamwork and decision-making under pressure.

## Extra-Curricular Activities

- Won Gold Medal from Tata Consultancy in Essay Writing on Emerging Technologies.
- Managing a YouTube channel with 650+ subscribers, handling video editing, content uploading, and audience engagement.
- Led a team as Captain in Cricket and Kabaddi Zonal Competitions, enhancing leadership skills.
